

MAGAZIN

But recognize today that the LORD your God is the one who will cross over ahead of you. (Deuteronomy 9:3a)

With this word from the bible we would like to send you our latest newsletter. In this year we are going to gradually change the format and will also design some of our publications differently. Remaining does however our purpose to tell stories, which clearly demonstrate the ways we are serving God in our mission and where He is walking in front of us.

Be enlightened by the following flashlights. You may browse on the website and you are invited to spread the material to your churches. Just before the printed issue is going to be available you can now have a look into the new MAGAZINE on our website. This time we report a lot about Oosterloos, who are ending their service in Sierra Leone after 35 years of ministry. Simply click on the first link for a pdf and on the second for a short movie.

The tireless commitment of the missionaries in Cuba left its marks. Their joy and passion for Jesus and their love for the mission are inspiring. It is worth the effort, because it is God being at work and people are rescued. Testimonies like those of Cuba we are writing on a monthly basis and are very happy about every church which e.g. prints these testimonies in their church newsletter. Those stories from the mission field you can find here:

As an advertisement for your church newsletters, other publications and webpages the format of our REPORTS is very useful. Maybe you have noticed them as adverts already in the journal DIE GEMEINDE of the German Baptist Union. Three times a year we make a short update about many projects and include their current prayer requests. Thus you may find among many other insights the story of Arunkumar from India, who receives help in a food relief program. Read here:

Be excited for our upcoming newsletter:

We will explain our new Corporate Identity. The main areas of work and the values shaping EBM INTERNATIONAL are formulated within the next edition. There is also a two minute movie giving a further understanding through citation of several international coworkers explaining their connection with EBM INTERNATIONAL.

You are welcome to watch the movie with your church. This is the link:
