

THANKSGIVING 2017

Support children at risk

Holistic care, schooling and education are crucial for the development of children and youth. It decides upon their future and whether they will be able to live a self-determined life. In the following text you can see three examples that show the many blessings children and young people receive in our projects.

Many of our partners in Africa support the work of primary and secondary schools. For example there are more than 40 schools under the umbrella of the Baptist Convention of Sierra Leone (BCSL). We support their educational work financially and our new missionary Katrin Kruse will leave during the course of this year to train teachers in the country.

Children in the poor neighborhoods of Latin America suffer the most. Crime, poverty and abuse are part of their lives. In four social centres 900 of them find help. They are getting care and experience the love of God. Programs like food distribution, pre-school, health care, music, sports and assistance with their homework, change their lives.

EBM INTERNATIONAL supports in India the work of our partners in 14 children homes. Children who come from difficult backgrounds find a home in these places. Many of them do not have parents anymore. Besides the love and care they have the chance to go to school and to enter vocational training at a later stage.

What is it about?

All our projects are church based. Partnering with local Baptist churches globally, we share Christ to bring justice, restoration and hope to our communities. We are committed to do so on a basis of equality through sharing and learning, giving and receiving. This is our mission.

Financial need:

Social centres in Latin America: 210.000 Euro

Children homes in India: 150.000 Euro

Schools in Africa: 105.000 Euro

→ Please donate for our Thanksgiving project to the account below. Thank you!

Project: E 10400
